The screenshot displays the Postman application interface. On the left sidebar, there's a 'My Workspace' dropdown, a 'New HTTP Request' button, and a 'Create a collection for your requests' section with a 'Create Collection' button. The main area shows an HTTP GET request to 'localhost:3000/book/'. The 'Query Params' section is empty. The 'Body' tab is selected, showing a JSON response with two book entries. The status bar at the bottom indicates 'Status: 200 OK Time: 11 ms Size: 401 B'.
